Subject: RoundUp drift concern

Hi Scott.

I just wanted to give you a heads up that I spoke with an individual from Hawaii who was concerned with county/state roadside spraying of RoundUp and drift from trade winds. He said he had spoken with the state but wasn't satisfied with their response. I had given him your number. I'm cc'ing Mary, the Hawaii project officer, as well.

Sorry- I realize that I didn't write down his name. He said he would give you a call.
